We agree that Strobbe must be used in the AKC registered name on the application for registration of this Brittany. We agree that we will choose one of the names provided by Strobbe's North Wind Brittanys or will submit a name for our approval.

I/We have been furnished a copy of the Florida Animal Control Association, Florida State Law section 828.29 or Minnesota Statute 325F.791. I/We are purchasing a (sex) _____ Brittany, AKC # _____ from Tina Strobbe, DBA Strobbe's North Wind Brittanys and that the following waiver to the Florida State Law, Section 828.29 or Minnesota Statute 325F.791 will be in place.

1. I/We have 48 hours excluding weekends and holidays to have the Brittany examined by a veterinarian and at no expense to Tina Strobbe. If any congenital or hereditary disorder is found, the Brittany may be returned for a money back guarantee. The application for registration and a signed transfer slip must be furnished before money is refunded. After the 48 hours a replacement guarantee is in effect. A \$15.00 registration fee will be collected at the time of sale, to register the Brittany with AKC. The registration fee will be held for at least five days or until the puppy's name is provided to Tina Strobbe or an appointed representative.
2. The Brittany purchased is guaranteed against any genetic defects for one year, except hips which are guaranteed for 27 months (in order to give owner time to have the Brittany OFA certified). This is a replacement guarantee. In order for the Brittany to be replaced the AKC papers must be registered with AKC within the one year of birth date and assigned to Tina Strobbe or appointed representative. If the Brittany is returned for replacement, the current vaccination records and proof of heartworm prevention must be furnished. If the Brittany dies from congenital or hereditary disorder within the one year, then a veterinarian must furnish a certificate stating cause of death.
3. At no time is Strobbe's North Wind Brittanys/Tina Strobbe or their representative responsible for any veterinarian expenses. This includes the one-year replacement guarantee.
4. Your Brittany has been checked and given ALL shots and worming as recommended by our personal veterinarian. According to our vet, we do **not** give leptos or Corona before the puppy's 10-12 weeks of age. Strobbe's North Wind Brittanys uses the following veterinarian _____.
5. As a responsible pet owner, the buyer agrees to take the puppy through at least one basic obedience class in order to insure that the puppy will learn good behavior.
6. Tina Strobbe or Strobbe's North Wind Brittanys is not responsible in any manner or form for any damages or liability incurred by any dog purchased from them or co-owned by them. All parties accept full responsibility of said dog.
7. If you must place your Brittany for any reason, we would like to be informed. We will gladly accept any Strobbe Brittany back, under private negotiation.

9. If the veterinarian that examines your puppy within the 48 hours insists on giving your puppy shots at that time or insists on any deviation from the recommended shot schedule, Strobbe's North Wind Brittanys must be notified before the shots are given or the guarantee is null and void.
10. If your veterinarian insists on reworming the puppy when worms are not found, dipping the puppy, or giving the puppy another heartworm or flea control application, Strobbe's North Wind Brittanys must be notified before procedures are done or the guarantee is null and void.
